FINAL CONFERENCE

The event was organized at the same time as the project's final meeting in Sofia, Bulgaria, to be attended by all project partners. The conference was organized as an international conference and conducted in English, with consecutive translation services (EN-BG-EN) ensured. The conference was organized as one-day event for at least 80 participants – representatives of all partner organizations, of national, regional and local authorities, VET providers, SMEs and corporations, social partners' organizations. The conference was aimed at dissemination, valorization and exploitation of the developed project products.

Due to the COVID-19 pandemic, in compliance with the Order of the Health Minister of Bulgaria, only 30 people were allowed to participate physically in the conference room and the rest attended the event online. The conference was held on 30 September 2021 in the Vitosha Park Hotel – Sofia and online on ZOOM.

The event was opened by welcome addresses by Mr. Ludmil Kovachev, Executive Director of ITPIO, Bulgaria and Prof. Jivko Draganov, Director of the Institute for Postgraduate Studies, UNWE, Bulgaria. A keynote speech: IIoT technologies in the daily life of companies by Prof. Valentin Kisimov, UNWE, Bulgaria, followed. The project aims, goals, main
